

Universal wall sleeve for any type of wall

UFR150/300 B

: 3030466850, GTIN: 4052487243162

- Flange connection for the processing of plastic-modified bitumen thick coatings
- Tried and tested solution for use in fresh concrete composite systems

Enables sealing in all types of wall when combined with sealing flange and 3-bridge seals. Can be cut to length on site to specific wall thickness using printed scale.

- low weight
- Simple installation in the formwork
- Can be cut to length on site
- Can be used in all types of wall including element constructions

Scope of delivery:

• 2 pieces closing covers

Properties:

- FHRK-certified
- Break-resistant, inherently stable
- Sealed ready for installation

Application range:

- DIN 18533 W1-E, DIN 18533 W2.1-E
- Waterproof concrete stress class 1, waterproof concrete stress class 2

Material:

- Pipe: PVC-U
- Integrated patch flange: ABS
- 3-ribbed seals: EPDM
- Closing cover: PE

Tightness:

• gastight and watertight

| D1 (mm): | 150 |
