

# Concrete screw

for the Universal charging station foundation

## Betonschraube 6x60 A2K SW13

: 3030515187, GTIN: 4052487245456

- **very high load capacities**
- **smallest axis and edge distances due to very low spreading effect**
- **immediately loadable**

Universal foundation solution for the installation of charging columns and charging pedestals. Fastening option on the polymer concrete slab. Connection of power and data cables via an empty pipe connection.

### Advantages:

- quick and easy installation

### Properties:

- Edge distance: min. 2 cm

Item: Betonschraube
