

## Wall collar KG-FIX

KGF160

Article no.: 3030537198, GTIN: 4052487244817

• high dimensional stability thanks to two components injection molding

Water barrier flange for pressure-tight connection of waste water pipes in floor slabs.

Picture may differ from selected product

# FACTS

#### **Advantages:**

- Water barrier flange with integrated rubber profile ribs
- Installation without lubricant
- Suitable for all standard smooth pipes

### **Dimensions:**

- Water barrier flange all around: 50mm
- Socket length: 60mm

#### **Properties:**

• 2 pieces of TPE profile double sealings

## **Application range:**

• Waterproof concrete stress class 1 and 2

### **Material:**

- Profile sealing: TPE
- Water barrier flange: ABS regranulate
- 68 % regranulate

## Tightness:

- pressure-rated up to 5,0 bar
- Radon-proof

# FEATURES

Wall collar OD (mm):	262
suitable for medium pipe OD (mm):	160
Packing unit:	1
