

Standard press seal

with powder coating

HSD200 c 1x110 b40 A2/EPDM55

: 1610400110, GTIN: 4052487042390

- **optical and tangible installation security due to integrated control opening**
- **Optimum corrosion protection when used in conjunction with components**

For sealing new pipes to be installed or pipes that have already been laid in galvanised wall sleeves. Available for delivery for all standard pipe sizes.

Advantages:

- Can be split on site up to Ø 200 mm for retrofit installation
- Split as standard at and above Ø 250 mm
- Available from stock

Dimensions:

- Sealing width: 40 mm

Properties:

- FHRK-certified
- U-profile: maximum stability for press segments

Application range:

- Waterproof concrete stress class 1, waterproof concrete stress class 2

Material:

- Press plates: stainless steel V2A (AISI 304L), also powder coated
- Screws and nuts: stainless steel, V2A (AISI 304L)
- Rubber: EPDM

Tightness:

- gastight and watertight
- radon tight

Wall sleeve Øi (mm):	200
Suitable for medium pipe OD (mm):	110-113
