

Standard press seal

with powder coating

HSD200 c 1x159 b40 A2/EPDM55

: 1610400159, GTIN: 4052487042444

- optical and tangible installation security due to integrated control opening
 - Optimum corrosion protection when used in conjunction with components

For sealing new pipes to be installed or pipes that have already been laid in galvanised wall sleeves. Available for delivery for all standard pipe sizes.

Advantages:

- Can be split on site up to Ø 200 mm for retrofit installation
- Split as standard at and above Ø 250 mm
- Available from stock

Dimensions:

• Sealing width: 40 mm

Properties:

- FHRK-certified
- U-profile: maximum stability for press segments

Application range:

• Waterproof concrete stress class 1, waterproof concrete stress class 2

Material:

- Press plates: stainless steel V2A (AISI 304L), also powder coated
- Screws and nuts: stainless steel, V2A (AISI 304L)
- Rubber: EPDM

Tightness:

- gastight and watertight
- radon tight

Wall sleeve Øi (mm): Suitable for medium pipe OD (mm): 200

159-163
