

# Cross-clamp

for perimeter insulation applications

## HEA KKL DM M16 A4

: 1700130020, GTIN: 4052487044899

With longer threaded bolts for perimeter insulation. Can be screwed into the connection thread of earthing entries and earthing fixed points and used to connect round or flat steel.

### Advantages:

- Easy installation thanks to twist resistance technology

### Dimensions:

- For perimeter insulation applications up to 80 mm

### Material:

- V4A (AISI 316L)

Threaded  
bolt: M16
