

# Swan neck entry

## SHD200 fvz

: 1001094000, GTIN: 4052487025805

- **Individual components make for low transport weight**

Suitable for all standard flat roof structures. The flexible and modular system is height-adjustable and can be aligned within a 360° pivoting range. Other possible areas of application include wireless technology, solar technology and HVAC.

### Advantages:

- All steel parts of the swan neck entry are hot-galvanised
- Variable alignment (can be swivelled through 360°) and height can be adjusted after the base plate has been installed

## Scope of delivery:

- 1 piece Swan neck entry with drip cap
- Installation accessories

## Properties:

- The seal with the cables is established with SKD press seals which have been specially adapted to the swan neck entry.

## Material:

- St37 hot-galvanised
