

System cover

with sleeve method for smooth cable ducts

HSI90 MA90 GR

: 2206040018, GTIN: 4052487060981

- Mechanical fixing (bayonet) and seal (clamping nut) act independently
 - Bayonet system with return lock and locking screw connection (for protection against automatic opening)

For use in wall insert and aluminium flange HSI90. For connecting smooth cable ducts. The seal is created with the sleeve method, with a rubber sleeve being clamped onto both the system cover and the duct with clamping straps.

Advantages:

• Mechanically stable, elastic connection with system sleeve

Scope of delivery:

• 1 piece Sleeve with clamping straps

Material:

• System cover: polycarbonate

• Clamping nut: PC/PBT blend

• Sleeve: EPDM

• Clamping straps: W4

Tightness:

• gastight and watertight to 0.5 bar

Pipe 90
