

Split interchangeable insert with segment ring technology

for cable seal at the end of the spiral hose

WE100 SG 1x18-65

: 825817112, GTIN: 4052487159166

For installation in the KES-M 90-WE sleeve and to seal cables with the rubber press method at the end of the Hateflex spiral hose 14090.

Advantages:

- Segmented ring technology for adjustment to three or five different pipe diameters on site
- The interchangeable insert is installed after the cables have been laid
- The entire cross-section of the empty conduit system is used when cables are laid

Scope of delivery:

- Blind plugs

Dimensions:

- OD: 100 mm
- Sealing width: 60 mm
- Application range cable diameter: 18 - 65 mm

Application range:

- Waterproof concrete stress class 1

Material:

- EPDM

Tightness:

- gastight and watertight to 0.5 bar
