

# Universal wall sleeve

for any type of wall

3030300246

- flange connection for the processing of plastic-modified bitumen thick coatings
- tried and tested solution for use in fresh concrete composite systems

Enables sealing in all types of wall when combined with sealing flange and 3-bridge seals.

Picture may differ from selected product

## FACTS

### Advantages:

- low weight
- Simple installation in the formwork
- Can be cut to length on site
- Can be used in all types of wall including element constructions

### Scope of delivery:

- 2 pieces of closing covers

### Properties:

- FHRK-certified
- Break-resistant, inherently stable
- Sealed ready for installation

## Application range:

- Water exposure class DIN 18533: W1-E and W2.1-E
- Waterproof concrete stress class 1, waterproof concrete stress class 2

## Material:

- Pipe: PVC-U
- Integrated patch flange: ABS
- 3-ribbed seals: EPDM
- Closing cover: PE

## Tightness:

- gastight and watertight

## FEATURES

Wall sleeve Øi (mm):	100
Wall sleeve OD (mm):	110
:	210
Length (mm):	250
Packing unit:	1
