

# Wall sleeve with foldable rubber sleeve

for setting in concrete and connecting cable ducts

## BWS200 KMA207/200

Article no.: 3030572856, GTIN: 4052487247955

- **elastic and firmly supported connection due to increased insertion depth, even with deflection of the cable duct**
- **Cable sealing with press seal on the inside**

Picture may differ from selected product

## FACTS

### Advantages:

- blind plate for pressure tight seal immediately after concreting
- Trisection division of the blind plate for easy breaking through

### Application range:

- Waterproof concrete stress class 1 and 2

### Material:

- Wall sleeve: ABS
- Adapter pipe: PVC
- Sleeve: EPDM
- Clamping straps: W4
- Closing cover: PE

## Tightness:

- gastight and watertight

## FEATURES

Pipe OD:	200-207
Wall thickness (mm):	200
