

Earthing wall collar

for round and flat conductors

HMK30*3,5

Article no.: 3030303257, GTIN: 4052487197137

Water barrier flange for water pressure-tight integration of earth conductors in floor slabs or concrete walls.

Picture may differ from selected product

FACTS

Advantages:

- Quick and easy installation

Scope of delivery:

- 1 piece of water barrier flange
- 2 pieces of clamping straps

Properties:

- Suitable for all standard earth conductors

Application range:

- Waterproof concrete stress class 1 and 2

Material:

- Water barrier flange: EPDM
- Clamping straps: W1

Tightness:

- gastight and watertight

FEATURES

Diameter range (mm):	30*3,5
Wall collar OD (mm):	120
Packing unit:	10
