

Earthing wall collar

for round and flat conductors

HMK8-10

Article no.: 3030300037, GTIN: 4052487223539

Water barrier flange for water pressure-tight integration of earth conductors in floor slabs or concrete walls.

Picture may differ from selected product

FACTS

Advantages:

- Quick and easy installation

Scope of delivery:

- 1 piece of water barrier flange
- 2 pieces of clamping straps

Properties:

- Suitable for all standard earth conductors

Application range:

- Waterproof concrete stress class 1 and 2

Material:

- Water barrier flange: EPDM
- Clamping straps: W1

Tightness:

- gastight and watertight

FEATURES

Diameter range (mm):	8-10
Wall collar OD (mm):	105
Packing unit:	50
