

Wall rosette for MIS building entries

WAR 90/100 SG 1x25-63+2x7 EPDM50

Article no.: 5060110602, GTIN: 4052487236270

The solid rubber rosette neatly connects a media line between Ø 25 and 63 mm to the inside of the building. Thanks to its outer segment ring, it can be used in core drills ID 90 mm and 100 mm.

Picture may differ from selected product

FACTS

Advantages:

- Double segmented ring technology for adaptation to the core drill and the medium being fed in

Dimensions:

- OD: 90/100 mm
- Segmented ring technology: 25 - 63 mm (graduated)
- Additional openings for: 2 x 7 mm pipes

Material:

- EPDM
