

## **Finger sleeves**

in hot shrink-fit method

3FM 1x71-22 3x26-9

: 5170060001, GTIN: 4052487233415

3 and 4-finger sleeves can be used to insert multiple cables into system cover sockets, even providing a means of sealing cables with a small cross-section. Sealing is carried out using the hot shrink-fit method (by feeding in heat).

## **Advantages:**

- 3 or 4 cables can be installed in system cover sockets
- Wide area of application/shrink range

## **Material:**

• Polyolefin

For system cover:
