

Multiple house design ETGAR external sealing element

for multiple house design ETGAR builder-owner package

HAW-M ETGAR AD

Article no.: 3030490272, GTIN: 4052487241946

- tested according to DIN 18533
- visual installation reliability due to built-in inspection opening

To supplement the ETGAR BHP wall version for buildings with a basement. Can be used in core drill holes in double walls/element walls and for integration of existing building seals according to DIN 18533 W2.1-E. The sealing width of 90 mm provides a seal against both the concrete shells of the double/element wall and the pre-mixed concrete filling.
