

### KG-FIX Wall collar

KGF110

Article no.: 3030537182, GTIN: 4052487244879

Water barrier flange for water pressure-tight integration of waste water pipelines in floor slabs.

Picture may differ from selected product

# FACTS

#### **Advantages:**

• High dimensional stability thanks to two components injection molding

#### **Properties:**

- Suitable for all standard smooth pipes
- 2 TPE profile double sealings

### **Application range:**

• Waterproof concrete stress class 1, waterproof concrete stress class 2

### Material:

- ABS-Regranulate/TPE
- 68 % regranulate

### **Tightness:**

- Pressure tight up to 5,0 bar  $\triangleq$  50 m water column
- radon tight

## FEATURES

:	212
Suitable for medium pipe OD (mm):	110
Packing unit:	1
