

Finger sleeves

in hot shrink-fit method

4FM 1x55-21 4x20-7

Article no.: 5170060040, GTIN: 4052487233392

3 and 4-finger sleeves can be used to insert multiple cables into system cover sockets, even providing a means of sealing cables with a small cross-section. Sealing is carried out using the hot shrink-fit method (by feeding in heat).

Picture may differ from selected product

FACTS
