## FACTS

### Application range:

- DIN 18533 W1.1-E
- Waterproof concrete stress class 1, Waterproof concrete stress class 2

### Advantages:

- Continuous duct connection possible
- Quick and easy installation

## Scope of delivery:

- 1 tube of lubricant
- Protective cover
- Sleeve caps MS 78-U1/24-52 for electricity or water
- Universal sealing element electricity ED power Ø 26 - 29, 36 - 39, 43 - 46, 48 - 51 mm /50
- Universal sealing element water WD 1/32 /40 /50
- Seal insert ESH Basic - MBK
- Spiral hose KES-14078-MSD inclusive ducts and mounted 3-lip sealing
- Unfinished part ESH Basic - FUBO - E inclusive adapter sleeve

## Dimensions:

- Cable entry system Ø<sub>i</sub>: 70 mm
- Sleeve pipe: OD 75 mm, 240 mm long
- Cable entry system: 3000 mm long
- Unfinished part ID: 100 mm

## Properties:

- Variable height adaptation to the finished floor level

## Material:

- Unfinished part ID: 100 mm
- Cable entry system ID: 78 mm

## Tightness:

- Gastight and watertight to 1 bar

## Tests/Standards:

- DVGW VP 601

# FEATURES

Lenght (mm): 6000  
Packing unit (pieces): 1
