

# Fibre cement wall sleeve split

FZRG

Consisting of two half-shells for retrofit sealing of media lines that have already been laid. For setting in concrete or mortar. Grooves all the way around the outside ensure a tight and force-fit bond with the wall.

Picture may differ from selected product

## FACTS

### Advantages:

- Split design for retrofit installation in break-throughs for media lines that have already been laid
- Suitable for all types of wall
