

Universal wall sleeve

for any type of wall

UFR300/240

Article no.: 2800030240, GTIN: 4052487154048

- **flange connection for the processing of plastic-modified bitumen thick coatings**
- **tried and tested solution for use in fresh concrete composite systems**

Enables sealing in all types of wall when combined with sealing flange and 3-bridge seals.

Picture may differ from selected product

FACTS

Advantages:

- Lightweight
- Simple installation in the formwork
- Can be cut to length on site
- Can be used in all types of wall including element constructions

Scope of delivery:

- 2 pieces of closing covers

Properties:

- FHRK-certified
- Break-resistant, inherently stable
- Sealed ready for installation

Application range:

- Water exposure class DIN 18533: W1-E and W2.1-E
- Waterproof concrete stress class 1 and 2

Material:

- Pipe: PVC-U
- Integrated patch flange: ABS
- 3-ribbed seals: EPDM
- Closing cover: PE

Tightness:

- gastight and watertight
